

IMUKA 2011 Current Concepts in Orthopaedic Pathology, Masterclass in Arthroscopy and Related Surgery
Wednesday 20 April 2011

				SPEAKER		COUNTRY	
				P. Verdonk, MD, PhD		Belgium	
				B.W. Jakobsen, MD, PhD		Denmark	
				H. Mayr, MD, PhD, Prof		Germany	
From	To	Moderator Moderator Moderator					
8:00	9:00		Registration				
9:00	9:05		Welcome	Welcome	N.P. Kort, MD, PhD		The Netherlands
9:05	9:20		Keynote Sessions	Basic Biomechanics of the Cruciate ligaments and Response to Injury	A. Zaffagnini, MD, PhD, Prof		Italy
9:20	9:35	Arthroscopy of the Knee Miscellaneous		Perspectives for nonabsorbable or degradable implants	H. Mayr, MD, PhD, Prof		Germany
9:35	9:45			MR imaging of the ACL	P van Dyk, MD		Belgium
9:45	10:00			Arthroscopy of the knee; Anaesthesia and Pain management	B. W. Jakobsen, MD, PhD		Denmark
10:00	10:10						
10:10	10:20			Simulation in arthroscopy of the knee	G. Tuijthof, PhD, Ir		The Netherlands
10:20	10:30			Discussion			
10:30	11:00	BREAK					
		Moderator Moderator Moderator	M. Arnold, MD, PhD W. Petersen, MD, PhD, Prof J. Bellemans, MD, PhD, Prof				Switzerland Germany Belgium
11:00	11:10		Keynote Sessions	Tunnel widening in ACL reconstruction	H. Mayr, MD, PhD, Prof		Germany
11:10	11:20	Arthroscopy of the Knee ACL surgery		Management of partial ACL tears	C. Hulet, MD, PhD		France
11:20	11:30			Management ACL reconstruction in highly active athletes	A. Fievez, MD, Ass. Prof		The Netherlands
11:30	11:40			Management ACL reconstruction in children	R.Becker, MD, PhD, Prof		Germany
11:40	11:50			Management of ACL ruptures in patients above 50 years	J.O. Drogset, MD, PhD		Norway
11:50	12:00			Predictors of OA after ACL reconstruction	P.Verdonk, MD, PhD		Belgium
12:00	12:10			Remodeling of human hamstring autografts after ACL reconstruction	R. Janssen, MD		The Netherlands
12:10	12:30		Discussion				
12:45	14:00	LUNCH					
		Moderator Moderator Moderator	R. Becker, MD, PhD R. Janssen, MD A. Zaffagnini, MD, PhD, Prof				Germany The Netherlands Italy
14:00	14:10		Keynote Sessions	Trans-tibial versus trans-portal techniques	P. Reynaert, MD, PhD		Belgium
14:10	14:20	Arthroscopy of the Knee ACL surgery		Single bundle technique, how I do it	M. Arnold, MD, PhD		Switzerland
14:20	14:30			Double bundle technique, how I do it	C. Hulet, MD, PhD		France
14:30	14:40			Computer Assistance in arthroscopic ACL reconstruction	B.Klos, MD, PhD		The Netherlands
14:40	14:55			Why did my primary ACL fail and the surgical management	H. Mayr, MD, PhD, Prof		Germany
14:55	15:10			Dynamic intraligementeous stabilization	S. Eggli, MD, PhD		Switzerland
15:10	15:30			Discussion			
15:30	16:00	BREAK					
		Moderator Moderator Moderator	C. Hulet, MD, PhD S. Eggli, MD, PhD R. Field, MD, PhD				France Switzerland United Kingdom
16:00	16:10		Keynote Sessions	Management of the PCL injured knee	W. Petersen, MD, PhD, Prof		Germany
16:10	16:20	Arthroscopy of the Knee PCL surgery		Single bundle technique, how I do it	J.C. Monllau, MD, PhD		Spain
16:20	16:30			PCL reconstruction, the open inlay technique	K.P. Benedetto, MD, PhD, Prof		Austria
16:30	16:40			Pitfalls and Pearls	A. Zaffagnini, MD, PhD, Prof		Italy
16:40	16:50			Combined Posterolateral reconstruction	B. W. Jakobsen, MD, PhD		Denmark
16:50	17:00			Knee Multiligament Options & Controversies	D. Karataglis, MD, PhD		Greece
17:00	17:10			Surgical management of failed PCL surgery	F. Margheritini, MD		Italy
17:10	17:30		Discussion				
17:30	19:00	Welcome Reception					

IMUKA 2011 Current Concepts in Orthopaedic Pathology, Masterclass in Arthroscopy and Related Surgery
Thursday 21 April 2011

				SPEAKER	COUNTRY
Moderator				D. Eygendaal, MD, PhD	The Netherlands
From	To	Moderator		T. Gosens, MD, PhD	The Netherlands
8:00	9:00		Registration		
9:00	9:20	Arthroscopy of the Elbow Denise Eygendaal, MD, PhD	Basic Portals and set-up	R. van Riet, MD, PhD	The Netherlands
9:20	9:40		The athletes elbow and arthroscopy	H. van der Hoeven, MD, PhD	The Netherlands
9:40	10:00		Tennis elbow and the role of arthroscopy	R. van Riet, MD, PhD	The Netherlands
10:00	10:20		The stiff elbow; the role of arthroscopy	D. Eygendaal, MD, PhD	The Netherlands
10:20	10:30		Discussion		
10:30	11:00	BREAK			
Moderator				G. Kerkhoffs, MD, PhD	The Netherlands
Moderator				E. Raven, MD	The Netherlands
11:00	11:15	Keynote Sessions	Anatomical limits in posterior ankle arthroscopy	P. Golano, MD, PhD, Prof	Spain
11:15	11:30	Posterior ankle arthroscopy: what are the limits? ESSKA-AFAS Gino Kerkhoffs, MD, PhD Boardmember	Operative technique posterior ankle arthroscopy	G. Kerkhoffs, MD, PhD	The Netherlands
11:30	11:45		Posterior impingement en release of the flexor?	T. Ogut, MD, PhD, Prof	Turkey
11:45	12:00		Subtalar arthrodesis, any limits for the posterior approach?		
12:00	12:15		Posterior arthroscopic ankle arthrodesis: over the limit?	G. Kerkhoffs, MD, PhD	The Netherlands
12:15	12:30		Discussion		
12:30	14:00	LUNCH			
Moderator				R. Field, MD, PhD	United Kingdom
Moderator				R. Villar, MD, PhD	United Kingdom
14:00	14:15	Keynote Sessions	Synovial fluid circulation of the hip joint	R. Field, MD, PhD	United Kingdom
14:15	14:25	International Society for Hip Arthroscopy (ISHA) Richard Field, PhD, FRCS FRCS (Orth) Boardmember	Anatomy of the Hip Joint: Central and Peripheral Compartment	N. Santori, MD, PhD	Italy
14:25	14:35		The Role of Arthroscopy in Degenerative Hip Disease	R. Gonzalez-Adrio, MD, PhD	Spain
14:35	14:45		Femoro-Acetabular Impingement Surgery: techniques and results	H. Sadri, MD, PhD	Switzerland
14:45	14:55		Lateral Compartment Surgery: techniques and results	F. Baitaille, MD, PhD	Belgium
14:55	15:10		New Innovations in Hip Arthroscopy	R. Villar, MD, PhD	United Kingdom
15:10	15:30		Discussion		
15:30	16:00	BREAK			
Moderator				C. Mathoulin, MD, PhD, Prof	France
Moderator				M. Haerle, MD, PhD	Germany
16:00	16:10	Keynote Sessions	Arthroscopic resection of synovial ganglia	E. Baur, MD, PhD	Germany
16:10	16:25	Arthroscopy of the Wrist European Wrist Arthroscopy Society (EWAS) Christophe Mathoulin, MD, PhD, Prof President	TFCC tears, more complex as previous, new classification	A. Atzei, MD, PhD	Italy
16:25	16:40		Scapho-lunate lesions: a new arthroscopic classification and novelties in treatment	N. Dauphin, MD, PhD	Luxembourg
16:40	16:50		Arthroscopic management of 1st CMC joint arthritis	M. Haerle, MD, PhD	Germany
16:50	17:02		Arthroscopic management of distal radius fracture	H. Coert, MD, PhD	The Netherlands
17:02	17:14		Complications of wrist arthroscopy	C. Leclercq, MD, PhD	France
17:14	17:30		Discussion		
17:30					
19:30	23:30	Networking event			

IMUKA 2011 Current Concepts in Orthopaedic Pathology, Masterclass in Arthroscopy and Related Surgery
Friday 22 April 2011

			SPEAKER		COUNTRY
Moderator			J. Willems, MD, PhD		The Netherlands
Moderator			G. Declercq, MD		Belgium
Moderator			E. Calvo, MD, PhD		Spain
From	To				
8:00	9:00	Registration			
9:00	9:15	Keynote Sessions	The unstable shoulder - Biomechanics	L. Funk, MD, PhD, Prof	United Kingdom
9:15	9:25	Arthroscopy of the Shoulder Miscancelous	Diagnostic value of magnetic resonance imaging	H.J. van der Woude, MD, PhD	The Netherlands
9:25	9:35		First Time Dislocator	T. Gosens, MD, PhD	The Netherlands
9:35	9:45		Arthroscopy of the shoulder; Anaesthesia and Pain management	P. Vandeputte, MD, PhD	Belgium
9:45	10:00		Indication for thromboprophylaxis in arthroscopy: crucial or useless?	C. Verheyen, MD, PhD	The Netherlands
10:00	10:10		Simulation in Arthroscopy of the shoulder	G. Tuijthof, PhD, Ir	The Netherlands
10:10	10:30		Discussion		
10:30	11:00	BREAK			
			L.Funk, MD, PhD, Prof		United Kinddom
			V. Patel, MS(Orth), FRCS, FRCS(Orth)		United Kingdom
			E. Raven, MD		The Netherlands
11:00	11:10	Keynote Sessions	Arthroscopic Repair and Reconstruction of Complex Ant.Instability Pathologies	J. Willems, MD, PhD	The Netherlands
11:10	11:20	Arthroscopy of the Shoulder Glenohumeral Instability – Approach and Decision Making	Arthroscopic treatment of posterior and multidirectional instability	G. Declercq, MD	Belgium
11:20	11:30		The role of bone deficiency in shoulderinstability	P. Hardy, MD, PhD	France
11:30	11:40		Pitfalls in Arthroscopic Shoulder Instability Repair	V. Patel, MS(Orth), FRCS, FRCS(Orth)	United Kingdom
11:40	11:50		What To Do When the First and secondary Instability Surgery Fails	R. Diercks, MD, PhD, Prof	The Netherlands
11:50	12:00		SLAP laesion, overdiagnosis	L. Funk, MD, PhD, Prof	United Kingdom
12:00	12:10		Arthroscopic latarjet shoulder stabilization: tips and tricks	E. Calvo, MD, PhD	Spain
12:10	12:30	Discussion			
12:30	14:00	LUNCH			
			R. Diercks, MD, PhD, Prof		The Netherlands
			R. Field, MD, PhD		United Kingdom
			P. Hardy, MD, PhD		France
14:00	14:15	Keynote Sessions	Tips & tricks in arthroscopic repair	M. v.d. List, MD	The Netherlands
14:15	14:25	Arthroscopy of the Shoulder Rotator Cuff	The Anterosuperior- and subscapularis repair	F. Soler, MD, PhD	Spain
14:25	14:35		Partial Thickness Rotator Cuff Tears: Observe or Operate!	H. van der Hoeven, MD, PhD	The Netherlands
14:35	14:45		Transosseous equivalent repair	P. Sethi, MD	United States of America
14:45	14:55		Suspensory fixation for intraosseus proximal biceps tenodesis	A. Calvo, MD, PhD	Spain
14:55	15:05		Single Row Cuff Repair and Double Row Repair	P. Huijsmans, MD, PhD	The Netherlands
15:05	15:20		Rotatorcuff repair nowadays and the future: biologics	P. Sethi, MD	United States of America
15:20	15:35	Rotatorcuff repair nowadays and the future: hardware	L. Funk, MD, PhD, Prof	United Kingdom	
15:35	16:00	Discussion			
16:00	Closing Session		N. Kort, MD, PhD		The Netherlands
